

# Blackboard Ally

Accessible course files for students

Blackboard Ally is a tool to help make your course content more accessible. It creates alternative formats of your course files to suit your needs. These files include readable text for screen readers, pictures with captions, and easy-to-navigate content. Ally creates these alternatives from the original documents available in your course. You can download the alternative formats anywhere that files are used. Just choose the version that is best for your needs!

## How does it work?

### 1. FIND YOUR COURSE FILE

Trade Agreements - Tripartite Free Trade Area

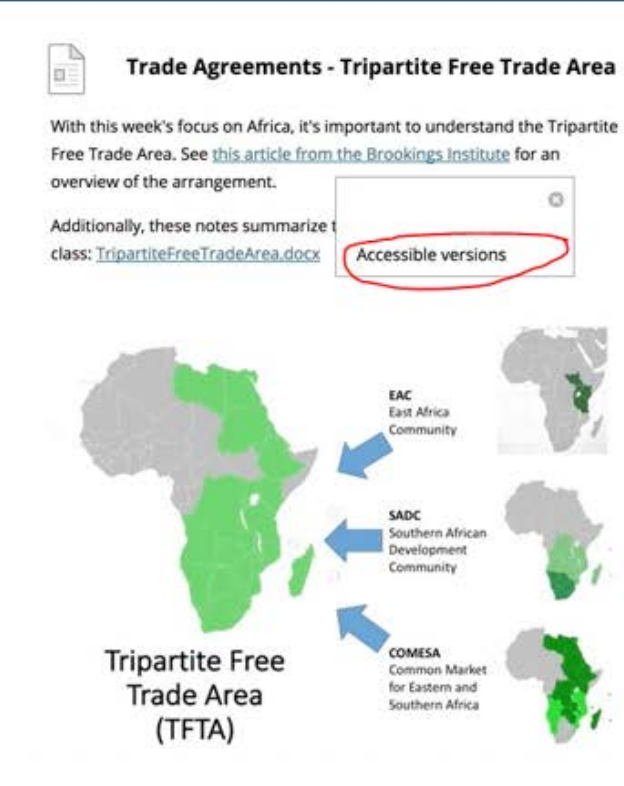

With this week's focus on Africa, it's important to understand the Tripartite Free Trade Area. See [this article from the Brookings Institute](#) for an overview of the arrangement.

Additionally, these notes summarize the materials covered in class: [TripartiteFreeTradeArea.docx](#)

**Tripartite Free Trade Area (TFTA)**

- EAC East Africa Community
- SADC Southern African Development Community
- COMESA Common Market for Eastern and Southern Africa

### 2. VIEW ACCESSIBLE VERSIONS

## Download Accessible Files

After selecting an accessible version and clicking the **Download** button, the **Preparing Download notification** appears. The download may take multiple minutes to complete.

After the file downloads, you can **open** or **save** the alternative version on your computer. You can also return to the original file and download the other formats. The original file that your instructor has provided will always remain in the course, regardless of which alternative format you select.
